

Texas Personnel Information Systems

For Public and Private Education Institutions

Available Spring 2009!

The Fowler Law Firm is very pleased to announce the upcoming publication of its newest Texas Personnel Information Systems for Public and Private Schools. While there are other books and information systems offering a scholarly approach to this critical topic, we believe there is no other information system more practical and useful than this. Written by Texas Attorneys who have served the needs of public and private school administrators as well as non profit associations for many years Texas Personnel Information Systems is both entertaining and useful for anyone with the responsibility to employ, supervise or discharge school employees.

The net proceeds of sales will be devoted to scholarships for deserving Texas students, something that has been near and dear to our hearts and our law firm's mission for many years. Please visit our website at <http://www.thefowlerlawfirm.com/community.html> to learn more about THE FOWLER LAW FIRM scholarship programs or return this form by mail, fax or email to subscribe today.
